

## CORNWELL CALLS FOR FIRM STAND

Urges Public Officials to  
Stop Playing Politics  
During Crisis.

WHITE SULPHUR SPRINGS, W. Va., Sept. 23.—A vigorous attack on what he termed a campaign of labor leaders of the United States to force nationalization of all industries through a nation-wide strike, was made here last night by Governor John J. Cornwell, of West Virginia, in an address before the National Paint, Oil and Varnish Association, in convention here.

The country must defeat the labor leaders' plan to nationalize industries, Governor Cornwell said, for the success of such a move would convert the government into a commune. The present strike, he declared, was called "in reality to curtail production, to demoralize industry and to prove that the wage system is a failure and that all industries must be 'nationalized'."

In order to gain their end, the labor leaders plan "to starve the country into submission through a nation-wide strike," he said.

As a solution of the problem of unrest, Governor Cornwell said that profiteering must be curbed; employers must understand that the days of slavery and peonage are past; radicalism must be met in the open; public officials should lay aside their "foul political games" until the vital domestic problems are solved and settled; and a display of courage, moral and political courage, is needed at first, and physical courage if and when necessary.

## JEWISH NEW YEAR OCCURS THURSDAY

It Will Usher in the Year  
5680 And Will Be Observed Widely.

On Thursday of this week the Jews will celebrate festival of the New Year or Rosh Hashanah. Religious services ushering in the year 5680 will be held on that day in all the synagogues of the world. The holiday commences at sunset Wednesday evening, September 24, and ends at sunset the following day. Orthodox Jews, however, observe two days.

The festival is distinguished by the blowing of the Shofar or ram's horn, in addition to its joyous and optimistic character, it is one of great solemnity and sacredness. On Rosh Hashanah the worshippers recall to mind the misdeeds of the past year with a view to consecrating themselves to a nobler life during the years to come. The religious service which marks the observance of the holy day emphasizes that the door to improvement and betterment is constantly open.

The New Year is the beginning of the most sacred of the Jewish holiday seasons. It is the first of the Ten Days of Penitence, culminating in the Day of Atonement, the holiest and most sacred day in the Jewish calendar. A few days after the Day of Atonement, the Feast of Succoth or Tabernacles is celebrated during a period of eight days, in commemoration of the ancient Palestinian harvest festival and of the wanderings of the Israelites through the wilderness.

## Huntington Cops Drop Union Charter

HUNTINGTON, W. Va., Sept. 23.—Huntington policemen and firemen who, two weeks ago, were organized into unions by representatives of the American Federation of Labor, have surrendered their charter and foregone affiliation. This action was taken following the granting of a wage increase of ten dollars per month by the city commission.

At the same time the commission enacted an ordinance declaring the affiliation of policemen and firemen with any labor organization inadvisable and illegal and that henceforth such affiliation would be considered cause for dismissal.
